

Year 5 Autumn 1 Learning Log Ideas: Grand Canyon & Lowry Art

- 1) Create an information leaflet about the American state of Arizona (the state in which the Grand Canyon is). Use geographical vocabulary when describing the state, for example: climate, biome, altitude, fertile, erosion, river.

- 2) Draw/ sketch/ paint a landscape picture of the Grand Canyon. Note that the main colour is red but grey, green, pink, brown also feature.
- 3) Research tourism in and around the Grand Canyon. Find out about the different accommodation in and around the National Park (El Tovar Hotel, lodges, campgrounds etc) and various ways of travelling around to see the wonderful sight (walking, helicopter, shuttles). Then create an itinerary of your perfect visit to the Grand Canyon.
- 4) Re-create a Lowry picture using paint, felt tips or pencil crayons. Pay close attention to the colour scheme, types of buildings and similar way in which figures are drawn/ painted.
- 5) Design your own, original picture using Lowry's style of shape and colour as inspiration.
- 6) Look closely at different Lowry artwork online, paying particular attention to the 'stick people.' Then, design your own stick family. This could include a dog and pram!
