

Art – Experiment with pattern and colour to create motifs inspired by South America's wildlife.

Research – Find out about animals unique to the Amazon rainforest.

Computing – Create a PowerPoint presentation or poster on a country within South America – finding out key facts.

Science – Can you produce/create a model of a habitat with examples of plants and wildlife that live there?

DT – Look out for Fair Trade products in the Supermarket – Are they cheaper/more expensive than non-fair trade products. Can you make a cake/biscuit using only fair trade products?
